CCAPP Academy

This institution is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

CCAPP ACADEMY INTRODUCTION

The California Consortium of Addiction Programs and Professionals (CCAPP) established the CCAPP Academy Formerly known as (CAARR Institute) in 1978 to offer an alternative form of education for recovering people working in the alcohol and drug treatment industry.

Many of these recovering people chose to work in programs providing peer leadership and experience after finding recovery themselves through participation in alcohol and drug programs. It was discovered that these individuals, who understood the process of recovery that worked for them, could improve their effectiveness by gaining knowledge and technical skills through education.

Students that have English as a second language will have to have an 8th grade proficiency level and will have to take and pass an TOEFL test to show 8th grade proficiency.

The Academy was designed to be offered in a comfortable, less "academic" atmosphere in easily accessible locations. Instructors are recruited who have an in-depth understanding of the curriculum and can enlighten students with their vast experience in the field.

As more research on recovery and addiction becomes available the curriculum is revised, edited, and expanded to meet the changing needs of students, programs, and the people they serve.

Today our Academy has grown and is offered at eleven sites throughout California including suburban, urban, and rural communities. The geographic scope of the CCAPP Academy reaches from Imperial County in southern California as far north as Modoc County and several County Alcohol and Drug Program Administrators have sent their county alcohol and drug program employees to the Academy.

CCAPP Academy does not have a pending petition of bankruptcy, or is operating as a debtor in possession, has not filed a petition within the preceding five years, or has had a petition in bankruptcy filed against it.
